4X GUINESS WORLD RECORD HOLDER

Meet Adetunwase

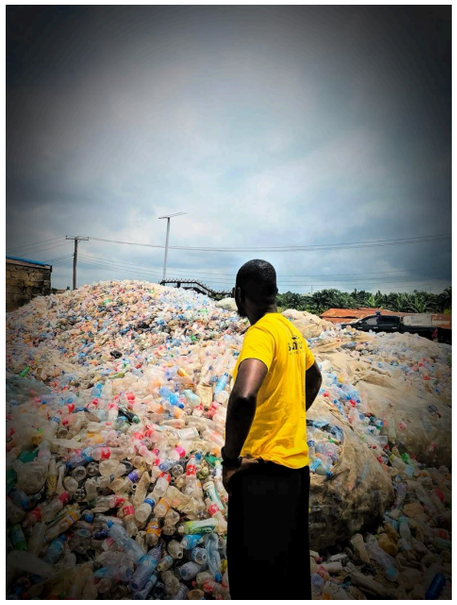

My name is **Adetunwase Adenle**, a 4x Guinness World Records holder, artist, and art educator. Through Slum Art Foundation and Aniamtion Hub, I am on a mission to build 36 sustainable PET bottle schools across Nigeria, transforming children's lives through creativity and education.

Why are we doing this?

“As a fine art and animation teacher for over a decade, I realised that many children in underserved communities, villages, and low-income families lack access to quality education. This inspired us to build affordable, **sustainable PET bottle schools** and create an online learning platform to give more children access to education, creativity, and digital skills, regardless of where they live.”

What are we working on?

We are transforming real-life Nigerian stories into comic characters as we work towards setting a new Guinness World Records title for the largest comic book. Through this project, we are also raising funds to build 36 PET bottle schools across Nigeria, bringing education and hope to underserved children.

Why Should You Join Us?

We cannot do this alone. We need your voice, your action, and your impact to build a brighter future for the next generation.

Together, we can turn hope into opportunity and give more children access to education.

Be the change you have always dreamed of being in the life of another child.
